Sensex extends losses

AS FED'S TAPER TALK TRIPS WORLD MARKETS

PTI ■ MUMBAI

Domestic equity benchmarks retreated for the second straight session on Thursday, mirroring weakness in global markets after the US Federal Reserve surprised investors by signalling faster-than-expected rate hikes.

A sharp drop in the rupee - which plunged 76 paise against the US dollar - also sapped risk appetite, traders said.

The 30-share BSE Sensex ended 178.65 points or 0.34 per cent lower at 52,323.33. The broader NSE Nifty declined 76.15 points or 0.48 per cent to 15,691.40.

Banking and finance stocks accounted for most of the losses, while the IT pack saw brisk buying, fuelled by a weak rupee.

IndusInd Bank was the top loser in the Sensex pack, shedding 2.91 per cent, followed by Dr Reddy's, NTPC, Maruti, Bajaj Auto, Axis Bank, Bharti Airtel and HDFC.

On the other hand, UltraTech Cement, Asian Paints, TCS, Infosys, Tech Mahindra and HCL Tech were among the major gainers, spurting up to 1.86 per cent.

"Domestic equities traded weak today on account of weak global cues led from the FOMC meeting outcome as investors focused more on the US Federal Reserve raising the country's economic growth forecast while noting its projection to hike interest rates sooner than expected.

"The Fed raised the US growth forecast to 7 per cent this year, while officials moved their first projected rate increases from 2024 into 2023 and opened talks about when to pull back on the USD 120 billion in monthly bond purchase program," said Vikas Jain, Senior Research Analyst at Reliance Securities.

Vinod Nair, Head of Research at Geojit Financial Services, said a fast normalisation of the US economy and strong job market can lead to the Fed tapering its bond buying.

"This can lead to tightening of bonds yields which will impact the pricing of equity asset," he added.

Sectorally, BSE power, metal, realty, industrials and utilities indices ended up to 2.38 per cent lower, while IT, teck and FMCG indices closed with gains. Broader BSE midcap and smallcap indices fell up to 1.29 per cent.

Elsewhere in Asia, bourses in Shanghai and Hong Kong ended on a positive note, while Seoul and Tokyo were in the red.

Stock exchanges in Europe were also trading with losses in mid-session deals.

Rupee falls for 8th day, slumps 76 paise to 74.08 vs USD

PTI ■ MUMBAI

Declining for the eighth consecutive session, the Indian rupee tumbled 76 paise to close below the 74-mark against the US dollar on Thursday, tracking a strong greenback overseas after the US Federal Reserve surprised the market by signalling rate hikes sooner than expected.

At the interbank forex market, the domestic unit opened weak at 73.65 against the American currency, then lost further ground and finally closed at 74.08, showing a fall of 76 paise over its previous close.

Microsoft names India-born CEO Satya Nadella as tech giant's new Chairman

PTI ■ NEW YORK

Microsoft's India-born CEO Satya Nadella has been appointed as the technology giant's new Chairman, an additional role in which he will "lead the work to set the agenda for the board."

Microsoft Corp on Wednesday announced that the board's independent directors unanimously elected Nadella to the role of board chair, and unanimously elected John W Thompson as the lead independent director, a role he held previously from 2012 to 2014.

"In this role, Nadella will lead the work to set the agenda for the board, leveraging his deep understanding of the business to elevate the right strategic opportunities and identify key risks and mitigation approaches for the board's review," the company said in a statement.

Nadella, 53, succeeds Thompson, who as the lead independent director, will retain significant authority including providing input on behalf of the independent directors on board agendas, calling meetings of the independent directors, setting agendas for executive sessions, and leading performance evaluations of the CEO, the technology giant said.

Nadella, who has served as chief executive since 2014, has helped ntransform the company into a leader in cloud computing in recent years, resulting in blockbuster earnings and a market cap of close to USD 2 trillion, CNN reported.

In addition to these role changes, the board declared a quarterly dividend of USD 0.56 per share. The dividend is payable September 9, 2021, to shareholders of record on August 19, 2021.

Nadella succeeded Steve Ballmer to become Microsoft's CEO in 2014.

NPPA asks drug makers to ensure GST cuts passed on to consumer

IANS ■ NEW DELHI

In order to ensure the cuts in GST rates of essential Covid-19 drugs and other medications is passed on to consumers, the National Pharmaceutical Pricing Authority has directed all pharma manufacturing and marketing companies to revise the maximum retail price (MRP) on drugs and formulations immediately taking into effect the reduced tax rate.

The move from the pharma pricing regulator is expected to ensure that the tax cuts benefits consumers by way of low cost of drugs and medications in the current difficult period of the pandemic.

The office memorandum issued by NPPA said that the change in GST rate has an impact on fixation of MRP of items attracting tax.

As the MRP of drugs and formulations is inclusive of tax, therefore, any downward change in tax/GST rates should be reflected in MRP and the befit of this reduction should be passed on to the consumers, it said.

"Nothing brings us more joy than ensuring the safety of our customers and giving them the convenience to get everything they need, all at one place," said Puneet Kumar, co-founder of Supr Daily.

Flipkart, Amazon challenge court order on CCI probe: Report

IANS ■ NEW DELHI

Walmart Incs Flipkart and Amazon.com Inc have filed legal challenges against the resumption of an antitrust investigation into their business practices, a global news wire reported.

The Competition Commission of India (CCI) launched an investigation in January last year after a complaint accused Flipkart and Amazon of promoting select sellers on their e-commerce platforms and using deep discounts to stifle competition.

The companies have denied wrongdoing and near-immediate legal challenges from the pair stalled the investigation for more than a year until a court last week ruled it could resume, having dismissed arguments that the CCI lacked evidence.

The fresh appeal from Flipkart filed on June 16, argues that decision by the Karnataka court to allow the probe to resume was erroneous and must be put on hold, the report said.

Indian IT sector continues to be net hirer, top 5 IT cos to add over 96,000 employees: Nasscom

PTI ■ NEW DELHI

IT industry body Nasscom on Thursday said the sector continues to be a net hirer of skilled talent, and that the top 5 Indian IT companies are planning to add over 96,000 employees in 2021-22.

The statement comes in the backdrop of a report by Bank of America that said domestic software firms are set to slash 3 million jobs by 2022 as automation gains pace across industries, especially in the tech space.

"With the evolution of technology and increasing automation, the nature of traditional IT jobs and roles will evolve overall leading to creation of newer jobs. The industry continues to be a net hirer of skilled talent, adding 1,38,000 people in FY2021," Nasscom said in a statement.

It asserted that players have robust hiring plans for 2021-22 with the top 5 Indian IT companies planning to add over 96,000 employees.

"The industry is upskilling more than 250,000 employees in digital skills and has hired more than 40,000 fresh digitally-trained talent, indicating at its commitment and investment towards rapid enhancement of workforce capabilities...With one of the strongest deal pipeline, and strong business outlook, the industry is on track to meet its vision of USD 300-350 billion revenues by 2025," Nasscom said.

It added that the industry will continue to be a net creator of jobs and is "committed to people-centric innovation, relentless talent focus", and delivering a superior transformative customer experience.

Nasscom pointed out that the business process management (BPM) sector in India, which has been called out as the sector ripe for automation, employs over 1.4 million people (excluding domestic and in-house) and not 9 million as the said report suggested.

Sebi bans Shri Research Services from securities mkt

PTI ■ NEW DELHI

Sebi has barred Shri Research Services and its proprietor Gourav Kumar Gour from the securities markets for at least two years and has asked them to refund the money that was collected by providing unauthorised investment tips to investors.

In addition, a penalty of ₹5 lakh has been imposed on them. They have to pay the fine within 45 days, Sebi said in its order passed on Wednesday.

Sebi noted that Shri Research Services and its sole proprietor Gour carried out investment advisory activities without obtaining a certificate of registration from the regulator. This violated the provisions of Investment Advisers (IA) Regulations.

The regulator said that a total of ₹14.63 lakh was credited in their accounts for the January-July, 2018 period. However, it could not be confirmed whether such amounts were received only from investors for unregistered investment advisory services.

Corporate Affairs Ministry eases rules for board meetings conducted through virtual mode

PTI ■ NEW DELHI

Boards of companies can now approve annual financial statements and matters related to mergers, among others, at meetings held through video conferencing and other audio-visual means.

Amid the coronavirus pandemic resulting in the shift from physical meetings to virtual ones, the Ministry of Corporate Affairs (MCA) has amended rules pertaining to 'meetings of board and its powers' under the Companies Act, 2013.

Nangia Andersen LLP Partner Sandeep Jhunjhunwala said the Companies Act always permitted conducting meetings through video conferencing but key matters such as approving the financial statements, board's report and prospectus required physical meetings.

"Acknowledging the difficulty always caused by the ongoing pandemic, the MCA has eliminated the list of matters that could be conducted through audio-visual means.

"This step would go a long way in ensuring that the hurdles faced by companies are reduced and business can be carried on smoothly with the aid of technology," he noted.

Earlier, the rules specifically mentioned a list of matters that cannot be dealt with by a company's board through video conferencing or other audio-visual means. Approval of the annual financial statements, board's report, prospectus, matters relating to amalgamation, merger, demerger, acquisition and takeover, and holding of the audit committee meetings for consideration of accounts, were not permitted.

With the latest amendment, the list has been done away with.

Khadi sales decline 16 pc to ₹3,527.71 cr in 2020-21: MSME Ministry

PTI ■ NEW DELHI

Khadi sales contracted by 16 per cent year-on-year to ₹3,527.71 crore in 2020-21, as spinning and weaving activities across the country impacted due to the Covid-19 pandemic, the MSME ministry said on Thursday. The overall production in the Khadi sector also declined to ₹1,904.49 crore in 2020-21, as compared to ₹2,292.44 crore in 2019-20, it added.

The production and sales in the Khadi sector, however, slightly declined as spinning and weaving activities across the country took a major hit during the pandemic, the ministry said. "The overall production in the Khadi sector in 2020-21 was recorded at ₹1,904.49 crore as compared to ₹2,292.44 crore in 2019-20, while the overall Khadi sales stood at ₹3,527.71 crore as compared to Rs 4,211.26 crore in the previous year," it added.

PLI scheme to help India become Aatmanirbhar in APIs : ICRA

IANS ■ NEW DELHI

The Government's production-linked incentive (PLI) schemes for key raw materials such as bulk drugs and formulations, with a total incentive outlay of ₹210 billion will help the country become Aatmanirbhar, ratings agency ICRA said.

As per a note by the agency, PLI scheme will reduce import dependence and boost domestic production of high-value products; and increase the value addition in exports.

High value-added pharmaceutical products are generally R&D intensive and difficult to manufacture and these include products such as complex generics, patented products, and biologics among others.

Further, the GoI has also announced the promotion of the bulk drug parks scheme with a financial outlay of Rs 30 billion for three select states, which will provide infrastructure assistance to the active pharmaceutical ingredient (API) players.
