

8 core sectors' output rises by 8.9% in June

PTI ■ NEW DELHI

The output of eight core sectors grew 8.9 per cent in June, mainly due to a low base effect and uptick in production of natural gas, steel, coal and electricity, official data showed on Friday.

The eight infrastructure sectors of coal, crude oil, natural gas, refinery products, fertilisers, steel, cement and electricity had contracted by 12.4 per cent in June 2020 due to the lockdown restrictions imposed to control the spread of coronavirus infections.

In May this year, these key sectors had recorded a growth of 16.3 per cent, while it was 60.9 per cent in April.

According to the commerce and industry ministry data, production of coal, natural gas, refinery products, steel, cement and electricity jumped by 7.4 per cent, 20.6 per cent, 2.4 per cent, 25 per cent, 4.3 per cent and 7.2 per

cent, respectively, in June 2021.

The same stood at (-) 15.5 per cent, (-) 12 per cent, (-) 8.9 per cent, (-) 23.2 per cent, (-) 6.8 per cent and (-) 10 per cent in the corresponding month last year. Crude oil output contracted by 1.8 per cent during the month under review as against a negative growth of 6 per cent in June 2020.

Fertiliser segment recorded a growth of 2 per cent in June. During April-June period

this fiscal, the eight sectors grew by 25.3 per cent against a contraction of 23.8 per cent in the same period last year.

Commenting on the data, ratings agency ICRA's Chief Economist Aditi Nayar said continued unlocking by the states, improved mobility and higher electricity demand, pushed up in part by the lull in rainfall, are expected to boost the core sector growth to 11-14 per cent in July 2021.

Retail inflation for industrial workers soars to 5.5% in June

PTI ■ NEW DELHI

Retail inflation for industrial workers rose to 5.57 per cent in June, mainly due to rising prices of certain food items.

"Year-on-year inflation for the month stood at 5.57 per cent compared to 5.24 per cent for the previous month and 5.06 per cent during the corresponding month a year before," a Labour Ministry statement said.

According to the statement, food inflation stood at 5.61 per cent against 5.26 per cent in May 2021 and 5.49 per cent in June 2020.

The All-India CPI-IW (Consumer Price Index for Industrial Workers) for June 2021 increased by 1.1 points and stood at 121.7 points.

On one-month percentage change, it increased by 0.91 per cent with respect to the previous month, compared to a rise of 0.61 per cent recorded

between corresponding months a year ago. The maximum upward pressure in current index came from food & beverages group contributing 0.72 percentage points to the total change.

At item level, rice, fish, poultry/chicken, eggs, edible oil, apple, banana, brinjal, carrot, onion, potato and tomato, among others, saw price rise. Electricity, kerosene oil, barber/beautician charges, doctor/surgeon's fee and petrol too contributed to the rise in the index.

However, this increase was checked by items like arhar dal, coconut fresh with pulp, mango, pomegranate, watermelon, lemon and tamarind, which put downward pressure on the index. At centre level, Shillong recorded maximum increase of 6.2 points, followed by Puducherry and Bhopal with 3.5 points and 3.1 points, respectively.

High tariffs faced by Indian exporters in EU, UK affecting exports performance: Govt

PTI ■ NEW DELHI

High tariffs faced by domestic exporters in the European Union and the UK as compared to zero duty access given by these countries to nations like Bangladesh and Cambodia are affecting India's exports performance, Parliament was informed on Friday. Minister of State for Textiles Darshana Jardosh also said that the textile industry has been hugely affected due to the outbreak of Covid-19 pandemic.

India's textiles exports in 2020 stood at USD 29.61 billion, while the shipments of Bangladesh, Vietnam and Cambodia in that year were aggregated at USD 37.95 billion, USD 37.10 billion and USD 7.77 billion, respectively. "High tariffs faced by Indian exporters in key markets such as the EU and the UK as compared to zero duty access given to competing nations

like Bangladesh and Cambodia are affecting India's exports performance," she said in a written reply to the Lok Sabha.

In a separate reply, she said textiles exports to China have increased to USD 1.56 billion in 2020-21 as against USD 1.13 billion in 2019-20.

"The global pandemic of Covid-19 has adversely affected the textile sector such as restriction on social gathering, migration of labourers, disruption of supply chain, thus affecting all the stakeholders from farmers to traders/exporters in the value chain."

However, the situation improved with time and production and exports looked up," she said. Jardosh also said that during cotton season 2020-21 (up to July 23, 2021), the Cotton Corporation of India (CCI) has procured seed cotton equivalent to around 91.893 lakh bales under MSP operations.

Centre's fiscal deficit touch 18.2% of annual target at June end

PTI ■ NEW DELHI

The Central Government's fiscal deficit stood at ₹2.74 lakh crore or 18.2 per cent of the full year's Budget estimate at the end of June, according to data released by the Controller General of Accounts (CGA) on Friday.

The fiscal deficit at the end of June 2020 was 83.2 per cent of the Budget Estimates (BE) of 2020-21.

In absolute terms, the fiscal deficit was at ₹2,74,245 crore at the end of June.

For the current financial year, the Government expects the fiscal deficit at 6.8 per cent of GDP or ₹15,06,812 crore.

The fiscal deficit or the gap between expenditure and revenue for 2020-21 was 9.3 per cent of the Gross Domestic Product (GDP), better than 9.5 per cent projected in the revised estimates in the Budget in February.

Received over 71,000 complaints: Google

New Delhi: Google received 71,148 complaints from individual users in India in May and June combined, which resulted in the removal of more than 1.54 lakh pieces of content, as per the company's latest monthly transparency reports.

The number of complaints received in June from individual users in India was 36,265, leading to 83,613 removal actions - both the numbers were higher than the levels seen in May. In addition to reports from users, Google also removed more than 11.6 lakh pieces of content in May and June as a result of automated detection, the reports released on Friday showed.

Sensex succumbs to fag-end sell-off

PTI ■ MUMBAI

The Sensex and Nifty closed modestly lower on Friday after investors offloaded banking, finance and metal stocks in the last hour of trade amid sluggish global cues.

The 30-share BSE Sensex slipped 66.23 points or 0.13 per cent to close at 52,586.84, while the broader NSE Nifty dipped 15.40 points or 0.10 per cent to 15,763.05.

The market remained range-bound for the most part of the session as investors kept their exposure lower due to weak global cues, traders said.

The selling pressure was witnessed towards the fag-end when European markets opened in the negative zone, they added.

Bajaj Finance was the top loser in the Sensex pack, shedding 2.59 per cent, followed by Bajaj Finserv, SBI, Tata Steel, Titan, Asian Paints and Axis Bank.

On the other hand, Sun Pharma topped the winners chart with a leap of 10.06 per cent after the drug major

reported a net profit of Rs 1,444.17 crore for the June quarter, compared to a net loss of Rs 1,655.60 crore in the year-ago period. Tech Mahindra, Power Grid, Bajaj Auto, HCL Tech, M&M and NTPC were among the other gainers, spurring up to 7.24 per cent.

Rupee slips 13 paise to close at 74.42 against US dollar

Mumbai: The Indian rupee weakened by 13 paise to close at 74.42 against the US currency on Friday, tracking muted domestic equities and unabated foreign fund outflows.

At the interbank foreign exchange market, the local unit witnessed high volatility. It opened at 74.30 against the dollar and witnessed an intra-day high of 74.27 and a low of 74.44 during the session.

Forex reserves down by USD 1.581 bn to USD 611.149 bn

PTI ■ MUMBAI

The country's foreign exchange reserves declined by USD 1.581 billion to stand at USD 611.149 billion for the week ended July 23, RBI data showed on Friday.

The reserves had reached a lifetime high of USD 612.730 billion after rising by USD 835 million in the previous week ended July 16, 2021.

In the reporting week, the drop in the reserves was mainly due to a fall in foreign currency assets (FCAs), a major component of the overall reserves, as per weekly data by the Reserve Bank of India (RBI).

FCAs declined by USD 1.12 billion to USD 567.628 billion. Expressed in dollar terms, the foreign currency assets include the effect of appreciation or depreciation of non-US units like the euro, pound and yen held in the foreign exchange reserves. Gold reserves were down by USD 449 million to USD 36.884 billion in the reporting week.

Agri Ministry to bring data policy for farm sector

New Delhi: Agriculture Minister Narendra Singh Tomar on Friday said the Government aims to create a national database of farmers and is also in the process of bringing out a data policy for the farm sector. In a written reply in the Rajya Sabha, Tomar said, "The Government aims to create a federated National Farmers Database and the digitised land records will be used as data attributes for creating this database. To bring dynamism to the farmer's database, the linkage with digital land record management system is essential." As of now, he said, the federated farmers' database is being built by taking the publicly available data as existing in the Department of Agriculture and in various data silos in Govt and linking them with the digitised land records. "This Department... In consultation with the Ministry of Electronics and Information Technology is in the process of bringing out a data policy for the agriculture sector," Tomar said.

Non-food bank credit grows 5.9 per cent in June: RBI data

PTI ■ MUMBAI

Non-food bank credit growth stood at 5.9 per cent in June compared to 6 per cent in the year-ago period, according to RBI data released on Friday.

Credit to agriculture and allied activities continued to perform well, registering an accelerated growth of 11.4 per cent in the reporting month compared to 2.4 per cent in the same month of the previous year, as per RBI data on Sectoral Deployment of Bank Credit - June 2021.

Advances to industry contracted 0.3 per cent in June whereas there was a 2.2 per cent growth in the same period a year ago. In terms of size, credit to medium industries registered a robust growth of 54.6 per cent in June. There was a contraction of 9 per cent in the year-ago period. Growth in credit to micro and small industries accelerated to 6.4 per cent in June whereas it was a contraction of 2.9 per cent a year ago.

MSMEs need most policy attention, Govt to do whatever required to promote sector: Niti Aayog VC

PTI ■ NEW DELHI

The MSME sector needs most policy attention, and the Government will continue to do whatever is required to promote the sector, Niti Aayog Vice-Chairman Rajiv Kumar said on Friday.

Speaking at a virtual event organised by the Institute for Studies in Industrial Development (ISID), Kumar said the Government and the Reserve Bank of India (RBI) have announced several measures to help the micro, small and medium enterprise (MSME) sector.

"The MSME sector needs most policy attention of all stakeholders... A lot has been written about the MSME sector but some of the challenges of the sector remained unmet till recently," he said.

Kumar said MSME earnings have been hit by 50 per cent, and one out of three such firms suffered revenue and profit decline during the pandemic.

"We will continue to do whatever is required to pro-

mote the MSME sector."

Listing out several measures announced by the government to help the MSME sector, he said that under the Emergency Credit Line Guarantee Scheme (ECLGS), ₹2.73 lakh crore has been sanctioned.

"Risk capital requirements for MSMEs have been taken care of," he said.

Kumar said that with the change in definition of MSMEs and labour reforms announced by the government, India's small and medium firms can now become part of global supply chains.

He said 49.8 per cent of India's exports come from the MSME sector.

Even today, 99 per cent of the total 63 million MSMEs are 'micro' and just 1 per cent entities are in the range of 'small' and 'medium' enterprises, Kumar added.

He also stressed the need for increasing expenditure on research and development (R&D), which is currently below one per cent of gross domestic product.

No. 2604 NEW DELHI, TUESDAY, JULY 13, 2021/ASHADHA 22, 1943

MINISTRY OF ROAD TRANSPORT AND HIGHWAYS NOTIFICATION
New Delhi, the 13th July, 2021
S.O. 2809(E).—In exercise of powers conferred by sub-section (1) of section 3A of the National Highways Act, 1956 (48 of 1956) (hereinafter referred to as the said Act), the Central Government, after being satisfied that for the public purpose, the land, the brief description of which is given in the Schedule below, is required for building (widening four laning etc.), maintenance, management and operation of Rampur-Kathgodam section of NH-87 in the stretch of land from Km. 0.00 to Km. 43.200 (Package-1) in the district of RAMPUR in the state of UTTAR PRADESH, hereby declares its intention to acquire such land.
Any person interested in the said land may, within twenty-one days from the date of publication of this notification in the Official Gazette, object to the use of such land for the aforesaid purpose under sub-section (1) of section 3C of the said Act.
Every such objection shall be made to the Competent Authority, namely, District Land Acquisition Officer, Rampur in writing and shall set out the grounds thereof and the Competent Authority shall give the objector an opportunity of being heard, either in person or by a legal practitioner, and may, after hearing all such objections and after making such further enquiry, if any, as the Competent Authority thinks necessary, by order, either allow or disallow the objections.
Any order made by the Competent Authority under sub-section (2) of section 3C of the said Act shall be final.
The land plans and other details of the land to be acquired under their notification are available and can be inspected by the interested person at the aforesaid office of the Competent Authority.
SCHEDULE
Brief Description of the land to be acquired with or without structures falling NH-87 in the stretch of land from Km. 0.00 to Km. 43.200 (Rampur-Kathgodam section) in the district of RAMPUR in the State of UTTAR PRADESH.
